

## Don't Forget to Vote!

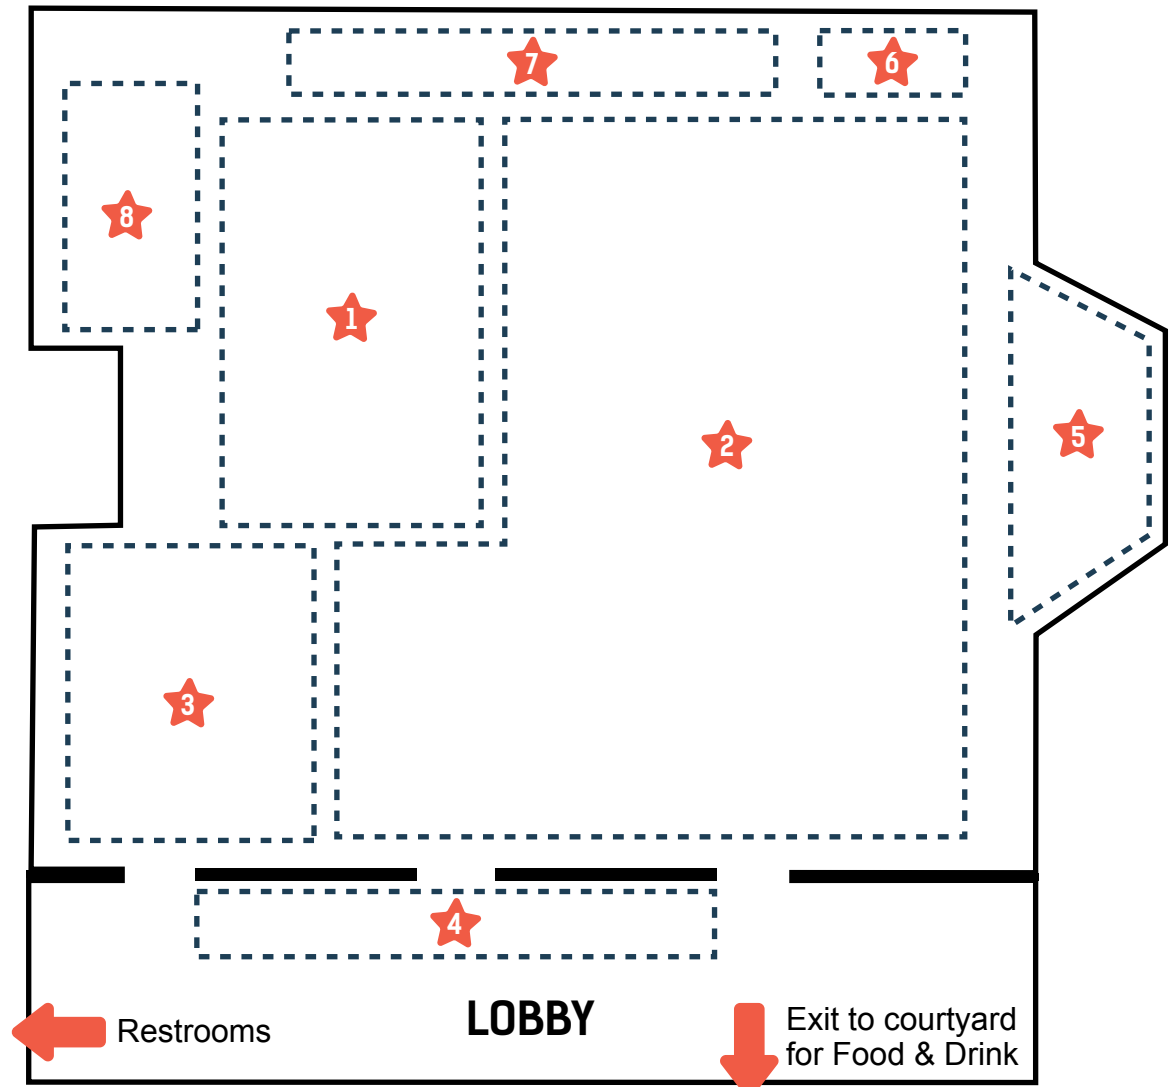

Once you get your 3 star stickers from MakerFest staff, you can vote for your favorite MakerFest projects!

Each MakerFest exhibitor has a gridded voting sheet at their table. Add your stickers to a sheet to vote for that project - you can put all 3 of your votes into one category or project, or across multiple categories and projects.

There are three prize categories:

Prizes generously provided by:

## Event Zones

- 1** Exhibit: Individual Makers

- 7** Activity: Make Your Mark
- 8** Activity: Buttonmaking

## Project Descriptions

Scan the QR code to the right to read descriptions of each maker project exhibited at MakerFest 2021!

## Event Zone Descriptions

### 1 Exhibit: Individual Makers

Explore projects created by individual makers at BeAM, from fiber arts to laser-cut creations! These projects were made for varying purposes, from personal hobby to academic research.

### 2 Exhibit: Class Projects

Check out projects created by students from one of the following maker courses: AMST 460H, APPL 110, APPL 285, ECON 125, PHYS 100, and SPAN 329.

### 3 Exhibit: Campus Partners

Visit our campus partners, the Kenan Science Library Research Hub and the Shuford Entrepreneurship Program. Learn more about how they support innovative design and research at UNC.

### 4 Activity: Tool Demos

BeAM has partnered up with RYOBI Tools to demo some of our favorite makerspace tools. Check out the Shaper Origin, see a 3D printer in action, and get hands-on with a hot glue gun.

### 5 Onstage: MakerFest Live

Throughout the event, BeAM staff will provide live updates about activity instructions, voting reminders, and other information. Stay tuned to the stage to hear more about the event!

### 6 Tickets for Food & Drink

Don't forget to grab your ticket to be able to pick up your pizza slice and drink! Limit one ticket per attendee, please.

### 7 Activity: Make Your Mark

Are you a high-tech or low-tech maker? Do you like fiber arts or digital fabrication - or both? Scribble on our graffiti wall, and add your mark to the MakerFest maker identity matrix.

### 8 Activity: Buttonmaking

Decorate and make your own MakerFest buttons to take home! BeAM staff will walk you through how to customize a button template and use the BeAM button maker machines.
